Discussion/Agenda: (3) Ordinances to be approved yet have not Been present to the board/waiting for copies.

At this time, we are still going to research for Commercial Solar but for residential may have one but visitable from the road and in their front yard according to the front yard code.

Residential may have a windmill but must not be any taller than 150 feet and has to be 15 feet or more from a property line- if something may happen does not harm or destroy neighbor property. Jeff is going to a Plainfield meeting about her Solar and Wind Ordinance. Jeff also has a online meeting on Commercial Windmills and will bring notes back to next meeting.

Would also like the board to assign someone to make sure all builders have a Burleigh permit (non-license builders). We feel we may be losing some income.

Meeting was agenda at 7:30 pm

Next meeting will be Sept 14th at 7 pm at the Burleigh Twp hall.
